Modules Overview

Admission Management

Revolutionize your admission process:

- Enable online application submissions and document uploads.
- Automate applicant screening and approval workflows.
- Maintain a centralized database of student records for quick access.

Faculty Management

Effortless Timetabling:

- Time table generation, and exam scheduling, minimizing manual effort and ensuring efficient resource utilization.

Streamlined Communication:

- Secure internal communication channels for seamless information sharing between teachers, staff, and administrators.
- Instant messaging for efficient collaboration.

Comprehensive Faculty Management:

- Employee database, attendance tracking, and leave management integrated into a single, user-friendly platform.

Attendance Management

Track attendance accurately and efficiently:

- Real-time notifications for absentees sent to parents.
- Detailed monthly and annual attendance reports.
- Integration with performance monitoring tools.
- RFID, biometric, or manual attendance marking.

With **Edufox School ERP**, Teachers save hours of manual attendance marking, allowing them to focus more on teaching.

Student Management

Seamless Admissions:

- Automated admission process, digital document uploads, and track admission enquiries make the admissions process easier for the school & parents.

Manage Students:

- Efficiently manage course changes, batch, & class changes with bulk operations, ensuring seamless academic administration & real-time updates.

Holistic Student Profiles:

- Centralized repository of student information, including personal details, academic records, attendance, & extracurricular activities.

Fee Management

Efficiently manage and track all fee related activities:

- | | |
|-------------------------------------|-----------------------------------|
| ➤ Comprehensive Fee Structure Setup | ➤ Multiple Discounts |
| ➤ Online Payment Integration | ➤ Automated Fee Reminders |
| ➤ Installment Plans | ➤ Penalty and Late Fee Management |
| ➤ Fee Concessions | ➤ Real-Time Reporting & Analytics |
| ➤ Multi-School Support | |

With our **Edufox School ERP**, Parents can pay fees online, receive instant receipts, & avoid late penalties through timely alerts.

Academic Management

Time Table Management

Simplify schedule creation:

- Build flexible, conflict-free multiple timetables for classes.
- Enable faculty and students to access schedules online.
- Automate notifications for schedule changes.

Syllabus Management & Lesson plan

Enhance academic delivery:

- With Edufox, schools can upload and organize the syllabus for each subject and class.
- Teachers and Management can easily track which topics have been taught and make sure the syllabus is covered on time.
- Teachers can create detailed lesson plans, set learning goals, & add resources. This ensures that lessons are well-organized and taught consistently across the school.

Examination & Evaluation

Effortless Exams, Accurate Evaluations:

- Create and manage exam schedules
- Faculty can easily submit the marks & generate various reports such as Green sheets, Calculated sheets before processing the report cards.
- Automated result processing and generation of mark sheets and report cards.
- Grade and performance tracking for both individual and group assessments.

Communication

Keep everyone connected:

- Real-time updates via SMS, email, & app notifications.
- Parent Teacher platform for communication.
- Instant notifications for events, meetings, or emergencies.
- Centralized bulletin board for announcements.

Certificate Management

Effortless Validation:

- The system allows schools to create and manage certificates, such as transfer certificate, Income Certificate, Tax Certificate, Character Certificate, Bonafide Certificate, Aadharcard Certificate.

Visitor Management

Secure your campus effectively:

- Monitor and record visitor information at entry points.
- Issue digital visitor passes for enhanced security.
- Maintain comprehensive visitor logs for reporting and analysis.

Transport Management

Ensure student safety and streamline transport services:

- Plan optimized routes for students & staff transportation.
- Notifications for bus arrival and departure times.
- GPS enabled vehicle tracking for real-time location updates.
- Maintenance tracking for school vehicles.

Leave Management

Simplify leave requests and approvals:

- Enable staff and students to submit leave applications digitally.
- Automate leave balance tracking and approvals.
- Integrate with academic and attendance records for seamless operations.

Library Management

Digitize your library operations:

- Maintain a searchable digital catalog of books and resources.
- Automate issue, renewal, and return processes.
- Track overdue books and fines with real-time updates.

Inventory Management

Track, Manage, and Reduce Wastage.

- Track and manage school inventory, including books, equipment, and supplies.
- Prevent resource wastage with real-time consumption data.

Advanced Analytics & Dashboards

Data Driven Reports:

- Student performance trends and comparisons.
- Attendance and fee collection trends.
- Predictive analytics for future planning.

Customizable Dashboards:

- Role based dashboards for Admission, Attendance, Fees-Manager, Examination, Library, Time-Table, Leave, and for Management.
- Personalized dashboards with real-time insights into key metrics, enabling proactive monitoring and intervention.

Mobile App

Keep everyone connected:

➤ Real-Time Notifications:

Parents, students, and staff can receive instant notifications about school events, class schedules, homework, exams, attendance, and other important updates.

➤ Attendance Tracking:

Parents can track their child's daily attendance & get alerts in case of absence or late arrival.

➤ Homework & Assignments:

Students can view and submit their homework or assignments directly through the app.

➤ Grade & Report Cards:

Students and parents can access grades, report cards, and academic performance reports.

➤ Class Timetable:

Students can view their class schedules, including subject details, timings, and teachers.

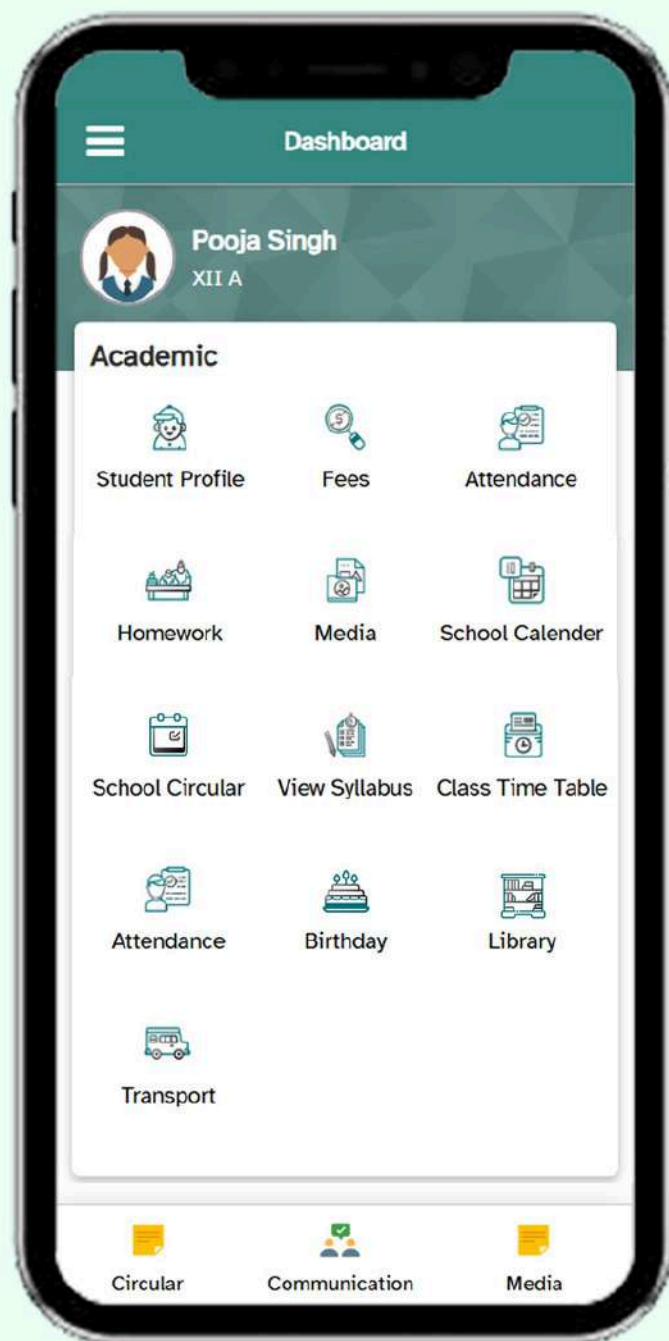

➤ School Calendar & Events:

The app displays important school events, holidays, parent teacher meetings, exams, and other school activities.

➤ Fee Management:

Parents can view and pay school fees directly through the app, including receiving receipts and notifications about due payments.

School Mobile App

➤ Messages & Communication:

The app allows easy communication between teachers, students, and parents, including messages, announcements, and reminders.

➤ Library Management:

Students can search for available books in the school library, check book availability, and manage their borrowings directly from the app.

➤ Extra-Curricular Activities:

Students can view extracurricular activities, including sports, clubs, and workshops through the app.
